CIVIL ACTION NO. 6:21-CV-00757-ADA

JURY TRIAL DEMANDED

[PROPOSED] SCHEDULING ORDER

In accordance with the Court's Amended Order Regarding Notice of Readiness for Patent Cases, the Case Management Conference in the above-captioned matter was deemed to have occurred on September 7, 2021.

Pursuant to Rule 16, Federal Rules of Civil Procedure, the Court **ORDERS** that the following schedule will govern deadlines up to and including the trial of this matter:

Date	Event
08/30/2021	Plaintiff serves preliminary infringement contentions in the form of a chart setting forth where in the accused product(s) each element of the asserted claim(s) are found. Plaintiff shall also identify the earliest priority date (i.e. the earliest date of invention) for each asserted claim and produce: (1) all documents evidencing conception and reduction to practice for each claimed invention, and (2) a copy of the file history for each patent in suit. ¹
10/12/2021	Parties submit an agreed Scheduling Order.

¹ The parties may amend preliminary infringement contentions and preliminary invalidity contentions without leave of court so long as counsel certifies that it undertook reasonable efforts to prepare its preliminary contentions and the amendment is based on material identified after those preliminary contentions were served, and should do so seasonably upon identifying any such material. Any amendment to add patent claims requires leave of court so that the Court can address any scheduling issues.

10/26/2021	Defendant serves preliminary invalidity contentions in the form of (1) a chart setting forth where in the prior art references each element of the asserted claim(s) are found, (2) an identification of any limitations the Defendant contends are indefinite or lack written description under section 112, and (3) an identification of any claims the Defendant contends are directed to ineligible subject matter under section 101. Defendant shall also produce (1) all prior art referenced in the invalidity contentions and (2) technical documents, including software where applicable, sufficient to show the operation of the accused product(s).
11/9/2021	Parties exchange claim terms for construction.
11/23/2021	Parties exchange proposed claim constructions.
11/30/2021	Parties disclose extrinsic evidence. The parties shall disclose any extrinsic evidence, including the identity of any expert witness they may rely upon with respect to claim construction or indefiniteness. With respect to any expert identified, the parties shall identify the scope of the topics for the witness's expected testimony. ² With respect to items of extrinsic evidence, the parties shall identify each such item by production number or produce a copy of any such item if not previously produced.
12/7/2021	Deadline to meet and confer to narrow terms in dispute and exchange revised list of terms/constructions.

1/18/2022	Defendant files Reply claim construction brief.
02/1/2022	Plaintiff files Sur-Reply claim construction brief.
